

# Lakeland's Little Learners

3K-1 with Ms. Allie

December 2023

## Themes

This past month, we were busy learning about the many forms of transportation. We painted with vehicles, fixed up a car in our Auto Repair Shop, and ate delicious banana airplanes! We wrapped up the month by going on a shape hunt and exploring all about shapes.

In December, we will be getting into the holiday spirit. The children will work on their fine motor skills as they cut out ornaments and stockings, and paint with Christmas bows. We will do a science experiment with candy canes, and read some wonderful Christmas stories.

The children will also be practicing their holiday songs and a special dance for the Christmas Program.

## Winter Weather

As the weather is turning more winter like, please send your child with all their winter gear. This includes a coat, snowpants, hat, mittens, and boots. Label all their gear and send it in a recyclable bag. This makes it easier to keep all their gear together.

## Upcoming Events

December 13 - LLL's Christmas Program  
6:30 pm at the Elkhorn Area High School Auditorium.

Please arrive by 6:15, take your child to the bathroom, and then drop them off with their teacher to sit with their classmates. Refreshments will be served after the concert.

December 19 - Classroom Christmas Party  
9:00 am. A sign-up sheet will be posted on the classroom door if you would like to donate treats or volunteer to help with the activities.

## Family Connection

This holiday season, catch the magic with your children - take a drive through Grand Geneva's Tour of Lights, bake and decorate Christmas cookies, or watch a fun holiday movie together. Wishing you all a very Merry Christmas!
