Lakeland's Little Learners
October newsletter
2.75 room

Last month: Happy Fall! Can you believe summer is officially over? Last month we had so much fun learning “all about me!” We talked about our favorite pets, animals, and colors. We also talked about our families and looked at pictures of each other’s families. We learned about all the different feelings we have and how it’s okay to be angry sometimes.

This month: We will be learning about fall, fire safety and Halloween! We will talk about the variety of colors the leaves turn, sample different colored apples and talk about how they taste and where they come from. Next, we will be practicing our fire drills and working on covering our ears, looking for our teacher and lining up quickly and quietly during a fire drill. Finally, we get to learn about and celebrate Halloween!

Parent connections: Spend time at home talking about fire safety. Get together as a family and choose a safe place to meet, if there is a fire at home, like a neighbor’s house or a big tree down the street. Check your smoke alarms together, change the batteries, show your child what they sound like and explain they are there to keep us safe.

Reminders: Hopefully cooler weather is on its way! Please have a sweater or a light jacket at drop off for your child; it wouldn’t hurt to bring mittens and a hat also. If the weather is nice, we try to head outside around 8am and some mornings it is a bit chilly out there! Please remember to label your child’s belongings; we have many duplicate clothing items and they can get mixed up very quickly.

Important dates:

- 12-16 Paperpie Book Fair
- 28 - Halloween Classroom Parties (@ 9:00 for all) & Parade (9:15 start)
-

Every day brings new opportunities for your children to explore, learn, make friends, and grow. Thank you for allowing us to be part of those special moments. We hope your October is filled with laughter, love, and plenty of fall fun! 🍁🍂
