LAKELAND'S LITTLE LEARNERS

March 2026

## Last month...

In January, our students dove into an exciting ocean-themed unit filled with creativity and discovery! They explored different types of ocean animals, learned about fascinating sunken ships, and discovered the many kinds of coral found beneath the sea. Students designed their own colorful fish, which we laminated and used to create a fun fishing pond complete with a real fishing pole and magnetic lure. They also sculpted beautiful model coral out of clay, bringing their underwater learning to life. To wrap up the month, students created special artwork for our Original Works fundraiser, which will be transformed into refrigerator magnets and other keepsake options for families to enjoy.

## Family Activity

**Maple Syrup Hikes at Pringle Nature Center (Bristol):** Learn how maple syrup is made, see a tree-tapping demonstration, and taste fresh syrup. [www. https://www.pringlenc.org/](https://www.pringlenc.org/)

LEAD SCHOOL AGE TEACHER: Mr. Mike

EMAIL: [mrmike@lakelandlittlelearners.com](mailto:mrmike@lakelandlittlelearners.com)

## Important Dates

- ◆ 2/26 – Original Artworks Orders Due
- ◆ 3/5, 3/19, 3/26 - Maker Space
- ◆ 3/12 – Student Led Conferences
- ◆ 3/30 - 4/6 – Mid-Winter Break

## This month...

In March, our students will be exploring the theme of military service, learning about the roles and responsibilities of the Army, Navy, Air Force, and Marines. We will also compare the branches of the United States military with those of other countries to better understand how nations work to protect and serve. We are excited for this unit and hope to deepen our appreciation for those who serve our country, including the possibility of welcoming veterans for a special classroom visit.

Would you like to meet up with Mr. Mike for a parent-teacher conference? Conference times are now available. Talk with Mr. Mike to schedule a meeting time.
