Soaring off to new adventures in the 2025-2026 school year...

Meet the Teachers

Hello, everyone! My name is Jasmina, and most students call me Miss Mina and I live in East Troy. I wanted to share how excited I am for this new school year. I love getting lost in a good book, especially when it's about history, and I find so much joy in art. I'm truly looking forward to all the learning and friendships that await us this year.

Hello, my name is Ms. Mariah. I have worked at Lakeland's little learners since 2021. In my leisure time, I enjoy reading and taking walks in nature with my daughter. I have worked with children of all ages and look forward to working with your children and watching them grow this school year!

Hello, my name is Ms Jazmin. I am excited to have you join the Jackson wrap around program. I am excited to join Ms. Jasmina's team as a wrap-around teacher. I am a recent graduate from UW- Whitewater with a bachelor's degree in Early Childhood Education. During my time at this program I hope to inspire students in new interests, build friendships, and help guide students. My goal is to create a safe, supportive, and inclusive environment for all students. Hope to see you soon.

September News!

We're so excited to welcome everyone back to our before school program! We hope you all had a wonderful and relaxing summer. The start of a new school year is a great time to get back into a routine, and we're looking forward to making this year one of the best yet, full of learning, fun, and creativity.

This year, our theme is *Modern Art and Creative Expression*. We believe that learning through art isn't just about making things—it's about building confidence, problem-solving, and seeing the world in a new way. Our activities will be designed to encourage imagination and exploration, using a wide range of materials. From painting to sculpture to collages, kids will have the chance to express themselves and learn about different artists and art styles.

We know how important friendships are. Our program is a great place to connect with others whether it's catching up with familiar faces or making new friends, we'll have plenty of opportunities for kids to interact. Our outdoor play sessions will provide a chance to run, play, and burn off energy, while our creative projects will encourage teamwork and collaboration. We can't wait to see the friendships and memories that are made this year.

What to Expect...

Creative Learning: Our projects will be designed to be engaging and educational, helping kids develop their fine motor skills and creative thinking.

A Welcoming Environment: We're committed to creating a safe and positive space where every child feels welcome and valued.

Outdoor Activities: Weather permitting, we'll spend time outside every day, allowing kids to get fresh air and exercise.

We are looking forward to a wonderful year together! If you have any questions, please don't hesitate to reach out.

Reminders

Absences and Illness: Please let us know if your child will be absent from the program. Also, if your child is feeling sick, please keep them at home to help us all stay healthy.

Weather-Appropriate Clothing: Please be sure your child has clothing that is appropriate for the weather. This could include a raincoat, jacket, or hat.

Family Connection

For a truly memorable family outing, the Milwaukee Art Museum is the perfect destination. Its striking location on the lakefront, featuring Santiago Calatrava's iconic Quadracci Pavilion with its kinetic "wings," makes it a stunning architectural landmark in itself. Beyond the building's awe-inspiring design, our family connection to the museum is deepened by its impressive art collection, particularly the significant holdings of Georgia O'Keeffe's work. As a prominent figure in American Modernism, O'Keeffe's paintings of natural forms and cityscapes offer a captivating experience for all ages. Alongside the O'Keeffe collection, we can also explore the other A-list art, including masterpieces from artists like Pablo Picasso and Wassily Kandinsky, making it an enriching and inspiring visit for the whole family.
