

**Infant Room
Lakeland's Little Learners
May 2022**

April Highlights:

In April, we talked about the weather. Singing songs like *If All the Raindrops* and *It's Raining, It's Pouring* as we checked the weather outside was our favorite activity this month. While observing the outdoors, we counted raindrops on the windows, as well as how many birds visited our feeder. This month was very exciting as we have a couple more walkers, crawlers, sitters and rollers! There is lots of growth happening in the infant room.

May Theme:

May flowers will find us learning about the insects we find in a garden. Planting colorful flowers will be a great way to work on recognizing different colors, as we get our hands dirty. This month, we will also enjoy learning new songs like *Bringing Home a Baby Bumble Bee* and *Out in the Garden*.

Family Connection:

This month is all about flowers and gardens. Let your little ones help at home by planting in your vegetable or flower garden. Witness the joy in their faces as you let them play in the dirt. Talk about what you are planting, describe the different types of vegetables or the colors of the flowers. Take a walk around your neighborhood and point out flowers and gardens.

Conferences:

This month I will be offering parent-teacher conferences. If you would like to discuss your child's progress so far this year please let me know and we can schedule at time to meet either in-person, virtually, or by phone.

Reminders:

Please be sure to send appropriate outdoor clothing for the weather. Gym shoes are appreciated for those that are walking and those that are beginning pulling up as we can go out on our playground. We are able to go outside more since the weather is getting nicer! Also, please be sure to label all belongings and food each day.

Important Dates:

May 30th Memorial Day - LLL Closed

If you have any questions or concerns, please let me know.

Thank you,

Ms. Louise and Ms. Krista
