The best way to contact me is by:

What are your child's strengths?

Please list any goals that you have for your child this year.

What special interests, sport activities, and/or hobbies does your child have?

Please list any food/product allergies your child has:

Would you like us to incorporate any family traditions/cultures into our program? Would you be willing to come into the classroom to share this information?

Would you be interested in helping with small groups/reading in the classroom?

Is there any additional information you would like to share that would make your child's time here a positive experience?

Please tell us about your family make up. (Who lives in your household? Are there 2 households? Share about your family (travels, pets, other important people...))

Newsletters are emailed. If you do not have an email, please contact your child's teacher if you would like a printed copy. Is a second copy needed for another household?

If English is not your primary language, are you able to read and communicate in English?

**Directory Data Notice**

The most recent form filed for a student shall remain in effect until a new form is filed. You do not need to file a new form each year. Please check one option below.

Directory data includes, but is not limited to: pupil's name, participation in officially recognized activities, photographs (including video tapes and other reproductions), and awards received. Photographs may be used for [www.lakelandlittlelearners.com](http://www.lakelandlittlelearners.com), Facebook, newspaper articles, etc. Directory data shall be considered public information and may be released, unless the parent or guardian informs Lakeland's Little Learners in writing by completing the Directory Data Notice form.

In the course of the school year, students are occasionally videotaped, photographed, or their names are placed in various publications, including postings on internet web pages. The resulting photo, videotape or student's published name may be used in a variety of ways: to promote the school, or specific programs to the community, to instruct students or staff members, or, to orient new parents, staff, and students. The final product could also take a variety of forms: photo displays, slide/Power Point presentations, newspaper articles, pamphlets, video programs, or internet web pages.

On occasion there is media coverage or perchance recordings of school events and activities by outside journalists, students, or other non-district personnel beyond the control of the school. Media coverage may involve, but is not necessarily limited to: voice recordings, still photographs, videotaping or public disclosure of directory data such as the student's name. Even with the consent of the parent/guardian, media coverage of events, activities or issues in school or on school property is allowed only with the permission of the building administrator and only if it does not disrupt or hinder student instruction or other activities.
