LAKELAND'S LITTLE LEARNERS

April 2026

Last month...

In March, students explored the different branches of the U.S. military, learning about their roles and how they compare. They showed particular interest in army bases, discovering what they are used for and what can be found on them. This discovery inspired many students to design and build their own creative versions. Another highlight was learning about aircraft carriers, especially how airplanes land on them. Students collaborated to transform a banquet table into a mini aircraft carrier and practiced landing paper and plastic airplanes. This hands-on activity was engaging and kept nearly all students actively involved.

Family Activity

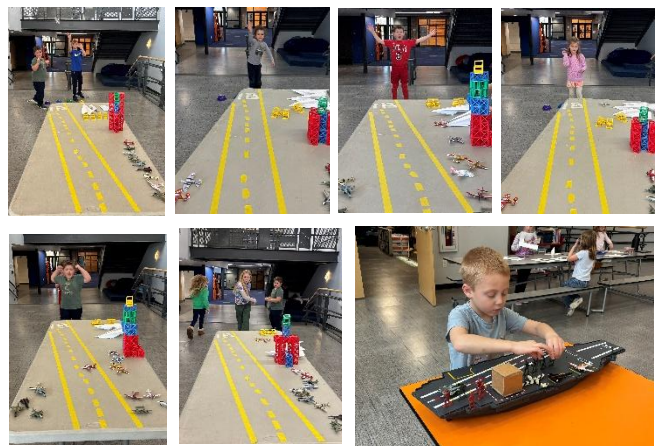

Grab your phone and join the Lake Geneva scavenger hunt! Use our app to solve riddles, complete photo challenges, and earn points as you explore Geneva Lake. Compete on the leader board while discovering local treasures in this fun, mobile-first adventure.

Important Dates

- ◆ April 7 - Return from Spring Break
- ◆ April 9th & 16th - Maker Space
- ◆ April 17th - Fun Fair 5pm-8pm
- ◆ April 27th - WB Spring Concert

This month...

This month students will have the opportunity to beat the daily "Minute To Win It" challenge and partake in a daily science experiment. The challenges will test everyone's physical and mental abilities while the experiments will amaze their inquisitive minds. The students are already begging to know what activities are to come.

Would you like to meet up with Mr. Mike for a parent-teacher conference? Conference times are now available. Talk with Mr. Mike to schedule a meeting time.
