THEMES

This month we are learning about buildings and construction. Buildings are everywhere in our community. They vary in size, color, construction, material, function and location. We will explore concepts in social studies related to shelter, jobs and the purpose of different structures.

Throughout the month we will create our own buildings using paper tubes, pipe cleaners, tape, toothpicks, marshmallows and finally wood.

The end of the month will be all about the wonderful Thanksgiving holiday. We will be having our hands painted to create our own turkeys and learn a very sweet song about them.

"The turkey is a funny bird,
his head goes wobble, wobble
and all he says is just one word,
gobble, gobble, gobble."

Ask them to sing it for you. ☺

Events

Thanksgiving Feast
11/19/26
Look for a sheet to donate and an invite soon!

Merry Little Makers
Holiday Cookies & Crafts
12/2/26
Mark your calendars for a morning full of making crafts and enjoying yummy cookies. Look for more info soon.

2026 Christmas Program
Elkhorn High School Auditorium
December 15th at 6:00pm

Thank you for all the donations to our Halloween Party! We had a **Boo-tiful** time!

Book in a Bag

On November 9th we will begin sending home a library book for your child to enjoy, in their own special bag. Your child may keep the book for the week. We feel by starting early we can encourage children to develop a true love for reading. Please bring your book back every Monday for a new book.

Assessments & Conferences

In October I began assessing the children in many different skill areas. Each family will receive a "snapshot" of their child's development. I will be having conference times available during the week of November 9th. If you would like to have a conference with me to discuss your child's progress, please choose a time on the sign-up sheet on our classroom door. If you cannot find a time that works for you, please let me know. Each conference will be 15 minutes in length.

Family Time: Take a walk around the outside of your home and discuss what color it is, what shapes you may see and what it is made of. Have your child draw a picture of their home and bring it to school to share with their friends.

Everyday learning something new in 3K-2,
Ms. Kathy & Ms. Emily
