Two's Happenings:

Wow this year has flown by! We've had some new friends join our classroom in the last couple of weeks. Take the time and ask your child the names of the children they play with in our classroom. This is something we are working on at school. Throughout December, we had fun practicing our songs for the Christmas Program and talking about holiday traditions around the world. A **BIG** thank you to everyone who donated to our Christmas Party.

This Month's Theme

Winter Wonderland!! In this unit, we will discuss snow, animals that live in the snow and what hibernating means. The children will get to practice their fine motor skills by cutting and gluing to make winter themed art projects. Our bear den dramatic play area is sure to be a highlight of this unit. We will also be discovering what happens to snow & ice when it gets brought inside where it is warm!

Family Connection:

Family Connection Activity: Oh, to be a kid again in the snow! For something different, colorful, fun, and EASY for all in the snow. Have you ever tried snow painting with the kids? All you will need is a few around-the-house items: liquid food coloring, any brand-cheap is fine, tap water, recycled plastic spray bottles, any size (ideally with adjustable squirt / spray).

Reminders:

With the colder weather make sure your child is prepared daily with LABELED winter clothing (hats, mittens, winter jacket, snow pants, boots). We do get our fresh air daily as long as the "feels like" temperature is 0 or above. THANK YOU for the Eco-friendly bag to store all their winter gear.
