LAKELAND'S LITTLE LEARNERS

2026-2027 SCHOOL YEAR

Wrap

WELCOME

Welcome to a brand-new school year! We are excited to learn, grow, and create wonderful memories together. This newsletter will help to supply information to your family about classroom activities, important dates, and exciting learning adventures.

PLEASE REMEMBER

Arrival: When you arrive you will come in door 9, located by the playground. Knock on the door and I will let you in. Once inside please place backpacks on a table by the window, check in with me, and then wash hands before playing.

Absences and Illness: Please let us know if your child will be absent from the program. If your child is not feeling well, we ask that you keep them home so they can rest and to help keep everyone healthy. You can view illness guidelines under health services at lakelandslittlelearners.com.

Weather-Appropriate Clothing: Please make sure your child comes prepared for the weather each day. Depending on the weather, this may include a jacket, hat, or other appropriate clothing.

Fun facts about me!

I enjoy watching
baseball & basketball

I love my dog Riley

I love to be outside

WHAT WE'RE LEARNING IN SEPTEMBER

We will work on several fun "All About Me" projects including self-portraits. Handprint art, a favorites collage, name art, personal puzzles, and all about our families are just a few of the projects that we can do throughout the month. We will also create a "My Favorite Things" book. To finish out the month, we will work together to create a class mural featuring all of our favorite things!

Making friends is an important part of a child's life. In our program, children will have many chances to make new friends, spend time with others, and enjoy activities together. Outdoor play will allow them to have fun, stay active, and learn new skills. Through our lessons and creative activities, children will also learn how to share, work together, and help one another. I am excited to watch the children build new friendships and create special memories throughout the year!

IMPORTANT DATES

WHAT TO EXPECT

CREATIVITY

Our activities and projects will be fun, hands-on, and educational. They will give children opportunities to be creative while also building their fine motor skills and learning new things.

OUTDOORS

When the weather allows, we will spend time outside each day. Outdoor play gives children a chance to get fresh air, stay active, explore, and have fun.

ENVIRONMENT

We want every child to feel safe, comfortable, included, and important. Our goal is to create a positive environment where children can be themselves and enjoy learning and playing with others.

TEACHER'S NOTE

I just recently graduated from Madison College in December of 2026, with my Early Childhood Education Degree!

I am super excited to start the new school year! This is also new to me as well, so I will be learning just the same as your children!

PARENT CONNECTION

Create a Family Bucket List! Each child works with their parents to come up with 5-10 things they would love to do together during the school year. These activities can be big or small. The goal isn't to spend money or plan elaborate outings, it's about creating opportunities for family time and connection.

Examples: Bake cookies together or have a family game or movie night. You could create a small family mural, watch the sunrise or sunset together. There are local parks to visit, museums to see, and family festivals to enjoy.
