**Last month-** Last month we talked about dental health, Valentine's Day, feelings, and pets. Most importantly, we talked about the responsibilities that go along with owning a pet. A highlight of our month was definitely our Valentine's Day party. Thank you to the parents and grandparents that helped and donated to our fun Valentine's Day party!

**This month-** I hope that you are as excited about March as we are! We've had a few beautiful days recently and we can't wait for spring! We have a lot of educational fun planned for the children. This month we will be learning about St. Patrick's Day, the weather, and gardening. We will be working on our fine motor skills by creating a tissue paper rainbow, and a special sensory bin. We will have lots of time to look out the windows while also observing and discussing the weather outside.

**Parent Connections-** Below you will find a recipe for homemade playdough. At home encourage sensory play by making playdough with your child in a variety of colors. Playdough is a great way to increase hand strength, which will help develop fine motor skills. It also encourages following directions. With St. Patrick's Day right around the corner, add some green food dye and some shamrock cookie cutters to make it more festive for the holiday.

**Reminders-** Warm weather has given us a visit, but please continue to send your child with warm winter gear, just in case! We have some bugs going around so it's important to practice good hand-washing habits. Please wash your child's hands upon arrival. Thank you for helping to keep us all healthy!

**Important dates-**

March 17<sup>th</sup> – Original Works fundraiser magnet packet sent home

May 26<sup>th</sup> – Original Works fundraiser orders due

May your home be filled with giggles,  
Your days with learning and play,  
And may a little Irish luck  
Follow your family every day! 🍀

♥ With love, Ms. Tiffany and Ms. Haley ♥
