Introductions

I am Hailey Diels, a senior at UW-Whitewater. After student teaching in Early Childhood Education and Special Education, I will be graduating. I love connecting with the kids and seeing them grow and achieve new things.

I am Emily Hass. Education: Teacher, Assistant Teacher, and Infant and Toddler courses through the State of Wisconsin. I have been working in the childcare field since 2019. I love working in childcare and building bonds with the children so they look forward to coming to school every day.

We look forward to a summer filled with fun and learning!

Question of the Day

Every day, we will have our easel board outside the classroom. We encourage you to read the question with your child, then have them find their "My Name is" tag and place it under the answer they choose! We will then bring the question into our morning group circle time discussion. On the door, you'll also find their sun name. Please prompt them to find their name and place it in the basket. This helps promote name recognition!

Family Connection

With our camping theme, we encourage families to connect with their children by enjoying activities outdoors, such as camping under the stars, flashlight reading, hiking through the woods, finding treasures, or even making s'mores or pudgie pies over the fire.

Themes for the Month

With the excitement of summer and the warm weather that quickly approached us, we will be continuing our camping themes a little longer! For the rest of the month, we will be expanding our learning about camping and woodland animals.

Reminders

Please check your child's cubby daily for any items that need to go home. The warm weather arrived quickly, so please also make sure your child has weather-appropriate clothing at school, such as shorts and short-sleeve shirts.

With the warmer weather, we are looking forward to going out in the early morning. So we ask if you can send your child with sunscreen already applied. We will apply it the rest of the day as needed.
