Planting and Gardening:

Spring is just around the corner, and we are trading our aprons for gardening gloves! After a sweet February, we are ready to get our hands dirty and watch things grow.

February Recap: A Sweet Success

We spent last month exploring the science (and art) of sweetness! Here is a look back at our favorite moments:

Baking & Natural Treats: We whipped up delicious banana bread and experimented with dates as a natural sugar alternative.

The Art of Sugar: We had a fascinating discussion on using sugar as an artistic medium for frosting.

Sweet Science: The cotton candy machine was a huge hit—watching sugar turn into "clouds" felt like magic!

Creative Play: Our "Stove Box Restaurant" was open for business, and the toy food stand kept our young entrepreneurs busy.

Outdoor Energy: We took advantage of those surprisingly warm days with high-energy games of Gaga Ball.

March News: Digging In

This month, our focus shifts to growth and the great outdoors. We'll be turning our space into a flourishing nursery.

Seed Starting: We are officially planting our seeds! We'll be learning what different plants need to thrive.

Garden Art: To add some personality to our plots, we'll be painting rocks and creating custom garden decorations.

Little Scientists: Every sprout will be tracked. We'll be documenting our findings in "Garden Journals" and sharing our observations with the group.

Quick Reminders:

Dress for the Mess: Between painting rocks and digging in the dirt, clothes might get a little "earthy."

Variable Weather: March in Wisconsin is unpredictable! Please ensure your child has weather-appropriate clothing (layers, boots, and a jacket) so we can enjoy the outdoors comfortably.

Family Connection: Planting & Gathering

This month's theme is all about patience and community. Just as we plant seeds and wait for them to bloom, we find joy in gathering together to watch our hard work pay off.

Family Activity Idea: Ask your child which seed they are most excited about.

Maybe start a small herb pot on your windowsill at home to mirror our classroom garden.

Important Dates:

March 2nd - No school EASD

March 17th - Original Works fundraiser magnet packet sent home

March 26th - Original Works fundraiser orders due

March 27th - April 3rd - No school EASD spring break

April 6th - No School EASD

If you need care for your student during any of the no school days be sure to contact the LLL main office as soon as possible as spaces fill quickly.

If you have any questions or concerns, please reach out.

Thank you,
Ms. Jasmina
