

AUGUST 2026

SCHOOL-AGE 2 MS. JACINTTA AND MS. ZADA LAKE LAND'S LITTLE LEARNERS

July Into August

During the first week of July, we had fun playing bags and washers, making dill dip and lemonade, and visiting roadside attractions and our natural wonders. The second week was spent learning about the animals of Wisconsin, identifying animals based on small characteristics, and creating our own pet rocks. Throughout our STEM week we worked on assembling a large marble run, played with kinetic toys, created helicopters, and watched leaves move on water by using ink. The fourth week was filled with the opportunity to view and interact with different types of art and materials. We had fun making fingerprint stories and miniature clay creatures. Our last week we entered the world of the unreal. We watched a short film depicting the origin story of the First Fire and Rainbow Crow, a Native American story. We worked together to create a life size robot on our classroom wall and then tried to identify different creatures from mythology and folklore.

August

Week 10: Our Garden and Beyond
From vegetables, to trees, to bugs.

Week 11: Olympic Games
Let's get a little competitive.

Week 12: Games, Games, Games
It's time to roll dice and move pieces.

Week 13: Carnival Craze
Making games, winning prizes, and having fun.

Week 14: The No Theme Week
Anything and everything.

Community Connections

Lake Geneva will be hosting its 11th annual Art in the Park event August 8th and 9th. This would be a great opportunity to enjoy art from over 80 artists, watch artist demonstrations, and see what is offered in the kids art area.

The Elkhorn Bandshell is hosting Rafe Carlson on August 13th at 6 pm. Bring the family, some snacks, and a blanket to enjoy modern country and southern rock grit music.

Reminders

- Bring water bottles daily, we are outside a lot.
- Call the office as soon as possible for any absences, illnesses, or late drop-offs.
- Drop off and pick up with a teacher, the teacher should see the adult who is dropping off and picking up.
- Please have the first round of sunscreen applied by morning drop off.

Dates to Remember
