William's Bay Wrap News

LAKELAND'S LITTLE LEARNERS

November 2026

Last month...

During the month of October, our class explored a variety of sports, focusing primarily on popular games played in the United States. Students had the opportunity to step into the role of a coach and teach their classmates how to play their favorite sports, including soccer, basketball, and football. We also hosted our own version of the Olympics, where students worked in groups to choose a country, create a country flag, and compete in a variety of fun and exciting events. To wrap up the month, we discussed the many benefits of sports and physical activity and how they help us stay healthy and grow!

Family Activity

Fall is the perfect time to get outside and enjoy the beauty of the season together as a family. Raking leaves can turn into a fun, active way for kids to learn the value of teamwork while helping out. Once the work is done, jump into the colorful leaf piles and relive the simple joys of childhood!

LEAD SCHOOL AGE TEACHER: Mr. Mike

Important Dates

- 11/6 No School – PT Conferences
- 11/10 – Picture Re-Take
- 11/25 -11/27 – Fall Break

This month...

This month, our class will explore the exciting world of the arts! Students will have opportunities to experiment with musical instruments, such as the electric keyboard, explore singing, and even write their own plays if they are interested in theater. As we approach the holiday season, our arts and crafts projects will focus on festive themes, allowing students to express their creativity in a variety of ways. I look forward to seeing where each student's interests lead them as we discover new ways to create, perform, and express ourselves!

Would you like to meet up with Mr. Mike for a parent-teacher conference? Conference times are now available. Talk with Mr. Mike to schedule a meeting time.
