**Last month:** In December, we learned about the holidays, Christmas colors, and music. Creating Christmas inspired arts and crafts was definitely a highlight of our month along with our Christmas program, it was wonderful to see all of you there! I would also like to say thank you to everyone that donated a treat for our Christmas party and those who attended that as well! I hope you all had a very merry Christmas and wish you a Happy New Year!

**This month:** In January, we will begin our winter unit on snow, ice and cold. Our class will stay busy by making many exciting art projects that will help to strengthen our fine motor skills. We will also enjoy moving our bodies by dancing and singing to some of our favorite songs, like "Going on a Bear Hunt" and "The Wiggle Dance."

**Parent connection:** Now that we have moved into the winter season, this is a good time to bundle your child up and go for a walk in the cold air. Talk with your child about what is happening outdoors during this time of year. Ask questions like, "Do you see any animals?" "Where do the birds go in winter?" Enjoy getting outside with your child!

**Reminders:** It is that time of year and the germs are out in full swing! Please remember to have your child wash their hands upon arrival. You can sing Happy Birthday twice to know when you're done washing! This small step helps us keep germs away and our children feeling their best-thank you for your support!

**Important dates:**

January 1<sup>st</sup>-Closed

January 16-30- Elegant Farmer Fundraiser

Here's to another month of growing, exploring, and lots of happy moments together!

Ms. Tiffany and Ms. Haley ❤
