November 2023 News

### **October Recap**

In October, we discussed Geography and many countries around the world. It was exciting to test our knowledge of the states and their capitals in our version of Jeopardy.

To help us learn about other places, maps were drawn up from Paraguay to Monaco.

In our show and share, we were able to display items from over thirty countries! Our incredible classmates performed an Irish Step Dance; sharing with us this unique art form. We practiced our jumping skills with the ancient game of Chinese jump rope.

### **November News**

Lights, Camera, Action! This chilly month, our students will work together to make a short movie about a theft at an art museum. Will the mystery of who done it be solved?

We hope to premiere our movie at the end of the month for everyone to see.
