

# Lakeland's Little Learners January 2026 Tibbets Wrap-Around News

## **Welcome back:**

I hope your holidays were wonderful and restful. I am looking forward to getting back into our routine and am excited to be back, yes, I am released to return to work. The coming of a new year is a time to set goals. Talk with your children about what goals they could set for themselves: reading every night, keeping their room picked up, remembering all the things needed for school, going to sleep on time, and/or being kind. In addition to this, you could set a family goal. This month at Wrap-Around, We are going to work on sewing and creating winter scenes and snowflakes.

## **Community Connections:**

During these winter months, you can find many outdoor activities from sledding and skiing to ice-skating and ice fishing. Every year Lake Geneva puts together several days of outdoor fun for the community to enjoy. Snow sculptors from around the country and the world come to participate in the annual America's Snow Sculpting Invitational. From January 28<sup>th</sup> to 31<sup>st</sup> each team will work on their own sculptures, during this time you can come watch as these giant masterpieces are created. The finished projects will be up through February 1<sup>st</sup>. Lake Geneva's Winterfest could be a great opportunity to take the family to a free event to enjoy snow and ice sculptures, warm yourself at the bonfires on the beach, listen to live music (Saturday and Sunday,) and have a chance to vote on your favorite sculptures.

You can find out library events happening in January at the Matheson Memorial Library website, they have not yet been posted. <https://www.elkhorn.lib.wi.us/wordpress/calendar/#/events/>
