

Lakeland's Little Learners

Infant Room Newsletter-September 2020

Ms. Falisha~Ms. Jeri~Ms. Kathy

Contact Info: fbayer@lakelandslittlelearners.com or (262)-723-8381

Hi everyone!

Welcome to the infant room. We will be sending out a newsletter each month with information about what we are working on in the room, reminders, and any new information. There will be a separate "Welcome" letter this month to tell you a little about ourselves. Ms. Falisha, Ms. Kathy and Ms. Jeri will be in the infant room. Sadly, Ms. Jeri will be retiring after working at LLL for over 30 years. Her last day will be October 16th. We are really going to miss her, as well as all of the babies.

Some of our older friends are moving to the next room. It's always rewarding to see the babies grow and graduate to the next room. We will miss them, but know it's best for them. We will be welcoming a few new friends, and can't wait for their adventure with us and watch them grow as well.

Using the Remind App.

During this time, we are asking caregivers to download the Remind app. It's a light blue icon with a cloud in it. Currently caregivers are dropping children off with staff at the front door and the teachers are communicating through the app about their child. In the infant room we find it very helpful if you let us know a few things before we get their day started. We would like to know the following things each day they come:

- What time they woke up
- What time they last ate, and what

We will write on their daily sheet if they are running out of items such as diapers, wipes, formula, ect. We sometimes may miss this and then we will send a message on the app to you. Whenever you have questions about anything please message us on the app and we will get back to you as soon as we can. We will add you through phone number, or you can add our class with using the class code. The class code is **@fbayer**

Family Connection

It's apple season! Enjoy the nice weather and take a walk around a local apple orchard with your family. Pick your own delicious apples, while your baby enjoys the fresh air.

Upcoming Events

Sept. 7-Labor Day -No School

Sept. 8-Fall Session Begins-Some children will move to the next room
