Last month:

We had a lot of fun learning about Dr. Suess, the weather, outer space and a touch of St. Patrick's Day. We made a chart of the weather we were having every day; can you believe that most of the days were sunny? We made thunderstorms, sun shines, and some hot air balloons for our windy days! We even had Lucky the leprechaun come play some tricks on us! How dare that silly leprechaun turn our milk green?! Thank you to those who donated to our St. Patrick's Day party!

This month:

We will be learning about spring and bugs! Bugs are one of my favorites, we will have so much fun outside looking for worms, ants and maybe even a ladybug! We will be waiting to see our first signs of spring. There will be a lot of fun art projects to develop our fine motor skills and hopefully a lot of beautiful weather to work on our gross motor skills as well.

Parent connections:

Go outside and look for bugs like ants, worms, or ladybugs. Bring a magnifying glass, if you have one, and count how many bugs you find. Don't forget your rain boots so you can jump in any puddles you find on your adventure!

Reminders:

We will spend more time outside as the weather warms up. Comfortable play clothes and closed-toe shoes are best for active toddlers. Be sure they're wearing clothes you won't mind getting a little dirty. An extra set of clothing, socks and maybe even shoes is also a great idea.

Important dates:

April 10th- Infant-3K photos

Week of the young child

- ❖ April 13th -Mismatch day
- ❖ April 14th -Team day
- ❖ April 15th -Crazy hair day
- ❖ April 16th -Pajama day
- ❖ April 17th -Silly sock day

Spring is a wonderful time for growing, exploring, and lots of muddy adventures! 🌱
We look forward to a whole bunch of fun!
Ms. Tiffany
