

## Lakeland's Little Learners

### 2.75 Room News

June 2023

#### **This Month:**

It is hard to believe June is already here. I have really enjoyed teaching your children this school year. Our summer session starts on June 12<sup>th</sup>. Families will receive a note by June 5<sup>th</sup> letting you all know if your child will be moving to a new classroom or staying with me for the summer.

#### **Next Month:**

Our theme for the beginning of June will be "Summer Time". We will talk about the sun and hot weather and discuss all the fun things we can do outside. We will talk about families and make a special project for Father's Day. Blowing and popping bubbles and a picnic under our shade tree will be a great way to start our summer. The second half of June our theme will be "Water Life". We will learn fingerplays and work on fine motor skills as we color and glue to create art inspired by water life.

#### **Family Connection:**

While the weather is changing and getting warmer it is a good time to take a small walk with your child and ask him or her questions about the hot weather, trees, and bird nests that you see.

#### **Reminders:**

Please label all your child's belongings. Sunscreen them at home before dropping them to school. Bedding goes home every Friday and comes back each Monday. Remembering it at the beginning of each week will avoid laundering charges for using center bedding. Children are still working on their balance so I ask that you please send your child in closed toe shoes to school for safety.

Thank you for allowing me to care for your child. Please feel free to contact me if you have any questions or concerns about your child.

Thank You!

Ms. Shandana
