

RESERVE YOUR SPOT ON OUR WALL!

ORIGINAL WORKS TILE WALL PROGRAM

Dear Family:

We are inviting you to take advantage of a truly unique opportunity to have a reproduction of your child's artwork permanently installed at our school. We will be constructing a new tile wall consisting of ceramic tiles of a 6"x6" dimension. Each tile will feature a piece of our student's artwork.

Artwork for this project can be created at home or at our 30th Anniversary Celebration. Our theme for our tile wall is "I left my mark at LLL!" We encourage you to have your child leave their handprint or artwork. If you are interested in ordering a tile featuring your child's very own artwork, then please do the following:

- 1) Complete and sign the Tile Wall Order Form on the bottom and back of this page.
- 2) Create a custom artwork piece with your child on the provided 8" x 8" paper (located in the clear plastic bag). Please read the artwork guidelines before creating your piece of artwork.
 - a. If you would like your child to create the artwork while at school with his/her teacher, please return the signed release, payment, order form, and artwork paper in the provided clear bag by August 27th.
 - b. If you need more paper for another child, you can pick this up in the office.
- 3) Make check payable to Lakeland's Little Learners in the amount of \$20.00.
- 4) Return the signed release form, payment, artwork and order form in the clear plastic bag to the school office no later than Friday, September 4, 2015.

For further information on this exciting new project, feel free to contact Abby Adams at 262-723-8391 or accounting@lakelandlittlelearners.com. We look forward to having your child's work of art permanently displayed in our school.

TILE WALL PERMISSION FORM

Student Name: _____

Classroom & Teacher: _____

Parent Name: _____

Home Phone: _____

YES! I would like to participate in this exciting school project. Please reserve a tile in your wall featuring my child's artwork. Enclosed is my payment and the artwork to be used in the tile wall.

4	\$75.00
5	\$95.00

Artwork Guidelines

The Art Media Makes the Difference!

These proven media can be used to create great artwork and ensure the success of the program:

- Markers.
- Tempera Paints & Intense Water Colors.
- Crayons.
- Oil Pastels (Fixative must be applied).
- Paper Collages.
- Bright, bold colors that fill the entire space. Finish off the artwork with great colored borders!
- Be sure to write each child's name, class & grade on the back of the artwork in pencil.
Also mark the top of each artwork by placing a "T" on the back of the paper in pencil.

Please Avoid ...

1. Fluorescent Colors. They do not reproduce with the vivid brightness of other mediums like markers or paint. Pinks may reproduce as purples and vice versa, orange could reproduce as brown, etc.
2. Metallic Art Media (paints, markers, paper, etc.) – are often not true to color on final reproductions. Gold's will be dull yellow. Bronze and copper will be green tinged. Silver could be dull gray, purple or even black.
3. Chalk and Oil Pastels –are messy and can smudge, making details fuzzy and less defined. If you choose to use these art media, they MUST be sprayed with a fixative such as Krylon #1306 Matte Fixative or we will need to return the artwork unprocessed.
4. Playing on the edge – Printed words, names, dates, etc that are printed at the edge of the artwork may be trimmed or cropped off the picture and lost during reproduction. This is especially true with full bleed products where the picture actually wraps around the edge of the product.

All important artwork details MUST BE at least 1" from the edge of the paper

At Your Own Risk – If you choose to submit artwork using these mediums, please be advised that you do so at your own risk. Refunds will not be provided, and reruns will be done at your cost.

Prohibited Items (to avoid family disappointment)

Glitter, abrasives, copyright material, trademarked material or 3D objects such as cotton balls, googly eyes, foam cutouts cannot be used on artwork submitted for this program.

Glitter – Whether it is sprinkled on, or incorporated into glue, paint or inks, this product causes all kinds of machine problems and equipment failure. As with the metallics outlined above, it also may not reproduce correctly on the finished product. Therefore we must insist – no glitter, please.

Abrasives – Sand, salt, globs of glue, paste and other materials create scratches on our equipment. These scratches then show on the pictures, making for unhappy parents. Please help us to keep everyone happy and save the abrasives for a different art project.

Don't Make Us Do It - Artwork that arrives containing one or more of these media, will unfortunately have to be returned without being processed. There are no exceptions to this policy.
